**Subject:** Lead Issue Clarksburg, WV  
**Attachments:** Clarksburg\_WV\_lead\_drinking\_water\_7\_1\_2021 (002).docx

Hi Samantha and Reggie,

Cathy and I wanted to loop you in on an issue that is unfolding as we speak regarding potential lead in drinking water in Clarksburg, WV. Attached is an issue paper developed by WD and ECAD for your situational awareness.

We are hoping OCTEA can provide us some information about the communities involved – specifically whether they are in an EJ area, and whether you are engaged with any of these communities – as we will need to coordinate with you as this continues to unfold.

The cities that we are inquiring about are:

Clarksburg, WV – and the following municipalities that may have purchased water from Clarksburg:  
Greater Harrison PSD  
City of Stonewood  
City of Salem  
Town of Nutter Fort  
Summit Park PSD  
East View PSD  
City of Shinnston  
Enlarged Hepzibah PSD  
Sun Valley PSD  
Shortline PSD  
Town of Anmoore  
City of Bridgeport

We are aware that the agency just settled a Title VI petition with WVDHHR.

Thanks for your assistance on this Samantha and Reggie.

Joan
